# Stromboli™

## Stromboli™ Cap Style Hard Hat Safety Helmet

Designed primarily for welders and high heat applications. Lightweight Polycarbonate/ABS Shell, 4-Point Nylon Suspension and «Sure-Lock» Ratchet Adjustment

- Ultra lightweight polycarbonate shell provides superior heat, radiation and impact protection.
- Fluid curve helmet with a smooth and attractive design ideal for welders.
- Shell without gutter for those who prefer this option.
- Large areas for printing your logo on the front, back and sides.
- Suspension with exclusive “Sure-Lock” adjustment.
- Universal slots for the addition of accessories without the need to drill the shell and thus alter the approval (CSA).

# Safety Helmet

## 3M™, Non-Vented, 4-Point Ratchet Cap With Uvicator Sensor

# 3M

The 3M™ Hard Hat is a comfortable, tough, and lightweight protective headgear that helps protect the top of the head from the potential hazard of small falling objects or exposed fixed objects that may be bumped into. The Uvicator sensor on the hat changes colour as the hard hat is exposed to UV light and signals that the hat needs to be replaced.

- 4-point ratchet suspension allows wearer to customize height and fit
- Uvicator sensor shows when it's time to replace hard hat due to UV exposure
- Meets requirements of ANSI/ISEA Z89.1-2014 Type I, Class C
- ANSI/ISEA compliant when worn in the forward and reverse donning positions
- Short brim enhances upward visibility
- Vents allow air circulation to keep worker cooler and more comfortable
- Replaceable brow pad enhances comfort and extends service life of hard hat
- Suspension sits lower on head to reduce pressure and can increase security
- Slots allow for attachment of safety accessories

# Safety Helmet

## Petzl Vertex Type 1 With Double Chin Bar Strap

The VERTEX VENT helmet is very comfortable, thanks to its 6-point textile suspension and CENTERFIT and FLIP&FIT systems, which guarantee that the helmet fits securely on the head. The adjustable-strength chin strap makes it ideal for both work at height and on the ground. It has ventilation holes with sliding shutters to allow airflow through the helmet. With its potential for integration of a Petzl headlamp, hearing protection, and multiple accessories, it is an entirely modular helmet, thus responding to the specific additional needs of professionals.

### 3M™ Half Facepiece Resuable Respirator, 6000

- This series combines comfort and convenience
- Comfortable soft, lightweight facepiece with easy-to-adjust head straps
- NIOSH approved for negative pressure air purifying and supplied air dual airline applications
- Can be disassembled, cleaned and reused
- Replaceable cartridges and filters allow reuse of facepiece for cost savings
- Always use 3M™ Half Mask Respirators with the correct respiratory cartridges

Certification: NIOSH Approved

SAP No.	Product No.	Fabricant	Size

11168399	6200	3M	M
11003835	6300	3M	L

## 3M

### 3M™ Half Facepiece Resuable Respirator With Quick-Latch Drop-Down Feature, 6500QL, Silicone

- Quick latch provides an easy on and off option as you move in and out of contaminated areas
- Resilient silicone faceseal helps provide comfort, durability, and stability with a soft but firm seal
- Bayonet connection is compatible with all bayonet-style 3M™ Cartridges and Filters
- Simplified cleaning and maintenance with fewer parts and services
- Includes the 3M™ Cool Flow™ Exhalation Valve that enhances comfort by reducing heat and moisture
- Keeps its shape in high-heat environments
- Always use 3M™ Half Mask Respirators with the correct respiratory cartridges
- Low profile half facepiece design offers a wider field of view and better compatibility with welding and grinding shields

Certification: NIOSH Approved

# Introducing the 3M™ Secure Click™ Half Facepiece Reusable Respirator

Designed with intuitive features, the 3M Secure Click Half Facepiece Reusable Respirator HF-800 Series helps protect workers from particulates and/or a wide variety of gases and vapors when used with approved 3M Secure Click filters and cartridges.

## Half Facepiece Reusable Respirator with Speaking Diaphragm

HF-801SD - Small	HF-802SD - Medium	HF-803SD - Large
------------------	-------------------	------------------

# Masks, Filters and Cartridges

3M

## 3M™ Secure Click™ Half Facepiece Reusable Respirator with Speaking Diaphragm HF-800SD

- Unique filter and cartridge connection snaps into place for intuitive assembly
- New dual-flow cartridge design allows air to be pulled through both sides of the cartridge for easier breathing
- Speaking diaphragm designed to help provide easier communication while working
- Push button seal check - Easy way to conduct required (negative pressure) seal check prior to each use
- Silicone face seal with patented flex joint nose bridge helps provide a softer feel for more comfort on the wearer's face
- Easy-adjust head cradle buckles — pull straps to tighten, squeeze the buckles to loosen
- Overmoulded design for easy assembly/disassembly
- Exhalation valve helps direct exhaled breath and moisture downward
- Greater breathability and comfort provided by the world's first quad-flow cartridge system
- Low-profile half facepiece design offers a wide field of view and compatibility with certain welding and grinding shields

Certification: NIOSH Approved

3M

## 3M™ Half Facepiece Resuable Respirator, 7500, Silicone

- Advanced silicone material for increased comfort and greater durability
- 3M™ Cool Flow™ Exhalation Valve helps make breathing easier and can offer cooler and drier comfort
- Dual-mode head harness that adjusts easily so users can wear the respirator in either standard or drop-down mode
- Solid exhalation valve cover
- For use with 3M™ Cartridges, 6000 Series, 3M™ Filters, 2000, 2200, 7000 or 5000 Series, or 3M™ Dual Airline Systems
- Head harness assembly and spare parts available
- Always use 3M™ Half Mask Respirators with the correct respiratory cartridges

# Masks, Filters and Cartridges

**3M**

## 3M™ Full Facepiece Reusable Respirator, 6000

- Lightweight, well-balanced design and silicone face seal for enhanced comfort, durability, and ease of cleaning
- Large lens provide a wide field of view for excellent visibility
- Unique centre adapter to direct exhaled breath and moisture downward, helps reduce debris from depositing in the valve, and allows for quick and easy cleaning
- 3M™ Cool Flow™ Exhalation Valve for cooler, drier comfort
- Air purifying respirator (APR), supplied air (SA) and powered air purifying respirator (PAPR) modes
- Full facepiece respirators are an industry-trusted tool from a variety of 3M Respirators - typically compatible with PAPRs and Supplied Air Respirator assemblies

Certification: NIOSH Approved

**3M**

## 3M™ Ultimate FX Full Facepiece Reusable Respirator, FF-400

- Silicone full facepiece design offers comfort, durability and ease of cleaning
- Large lens provide a wide field of view for excellent visibility
- 3M™ Cool Flow™ Exhalation Valve for cooler, drier comfort
- Passive speaking diaphragm enhances communications
- Scotchgard protection paint and stain resistant lens cause some liquids to bead up so they can be wiped off easily
- Full facepiece respirators are an industry-trusted tool from a variety of 3M Respirators - compatible with 3M Supplied Air Respirator assemblies

## 3M™ Adflo™ Powered Air Purifying Respirator with 3M™ Speedglas™ Welding Helmet 9100-Air (with 9100XXi ADF)

- Offers compact, lightweight respiratory protection and quality filter optics all-in-one.
- Grab and go with auto-on
- User interface is easy to understand
- Delay function to set the dark-to-light opening time
- Arc detection sensitivity is adjustable
- 2.8" x 4.2" (7.1 cm x 10.6 cm viewing area)
- Adjustable head suspension for increased comfort, helmet stability and weight distribution
- Includes storage bag, welding cap and starter kit

Certification: NIOSH

**3M**

## 3M™ Adflo™ Powered Air Purifying Respirator With 3M™ Speedglas™ Welding Helmet 9100 Fx-Air (No ADF) Is A Powered Air Purifying Respirator System That Is Designed For Welders

- It is a compact, lightweight system with a lithium ion (Li-ion) battery, high-efficiency (HE) particulate filter, and a wide leather belt.
- Audible and visual alarms signal low airflow and low battery charge
- High efficiency particulate filter included
- Wide leather belt included
- HE particulate filter can be "stacked" onto 3M™ Adflo™ Cartridge (not included) for additional protection against organic vapor/SD/CL/HC vapors
- Side windows - shade 5 side filters that increase peripheral vision
- Adjustable head suspension for increased comfort, helmet stability and weight distribution
- Auto-Darkening Filter not included - Compatible with 3M™ Speedglas™ Auto-Darkening Filters 9100V / 9100X / 9100XX
- When used with a compatible 3M™ Speedglas™ Auto-Darkening Filter Series 9100, this is a NIOSH-approved system and meets ANSI Z87.1-2010
- Storage bag and welding cap included

**3M™ Speedglas™ Welding Helmet 9100MP, with 3M™ Adflo™ Powered Air Purifying Respirator with auto-darkening filter (ADF) offers the welder compact, lightweight respiratory protection and quality filter optics all-in-one. (ADF sold separately.)**

- Audible and visual alarms signal low airflow and low battery charge
- Adjustable head suspension for increased comfort, helmet stability, and weight distribution
- HE particulate filter can be “stacked” onto 3M™ Adflo™ Cartridge (not included) for additional protection against organic vapor/SD/CL/HV vapors
- Side windows - shade 5 side filters that increase peripheral vision
- Auto-Darkening Filter not included - Compatible with 3M™ Speedglas™ Auto-Darkening Filters 9100V / 9100X / 9100XX / 9100XXi
- When used with a compatible 3M™ Speedglas™ Auto-Darkening Filter Series 9100, this is a NIOSH-approved system and meets ANSI Z89.1 - 2009 requirements for Type 1 Class G hardhats and meets ANSI Z87.1-2010
- Storage bag and welding cap included

**3M™ Speedglas™ G5-01 Heavy-Duty Welding Helmet with 3M™ Adflo™ High-Altitude PAPR Assembly , No ADF, uses next-generation technology to help provide dynamic welding protection**

- Kit contains a complete 3M™ Speedglas™ G5-01 Helmet Assembly, lithium-ion battery, charger, high-efficiency particulate filter, prefilter, spark arrestor, wide leather belt, and self-adjusting breathing tube.
- The big (104 mm x 170 mm), clear protective visor is curved, providing excellent viewing angles up, down, and peripherally.
- A slim profile makes the 3M™ Speedglas™ G5-01 Heavy-Duty Welding Helmet lightweight and easy to utilize in tight welding spaces.
- The system is NIOSH approved and provides an Assigned Protection Factor (APF) of 25 in our standard helmet assembly, and up to 1000 APF with our optional kit.
- With the right type of filter and/or cartridge, the 3M™ Adflo™ High-Altitude PAPR Assembly effectively protects you against both particles and gases — all in one system.
- For more comfort control the innovative 3M™ Speedglas™ G5-01 Heavy-Duty Welding Helmet lets you direct the airflow to either your face, visor, or somewhere in-between.

# Powered and Supplied Air

## 3M™ High Pressure Loose-Fitting Supplied Air Respirators

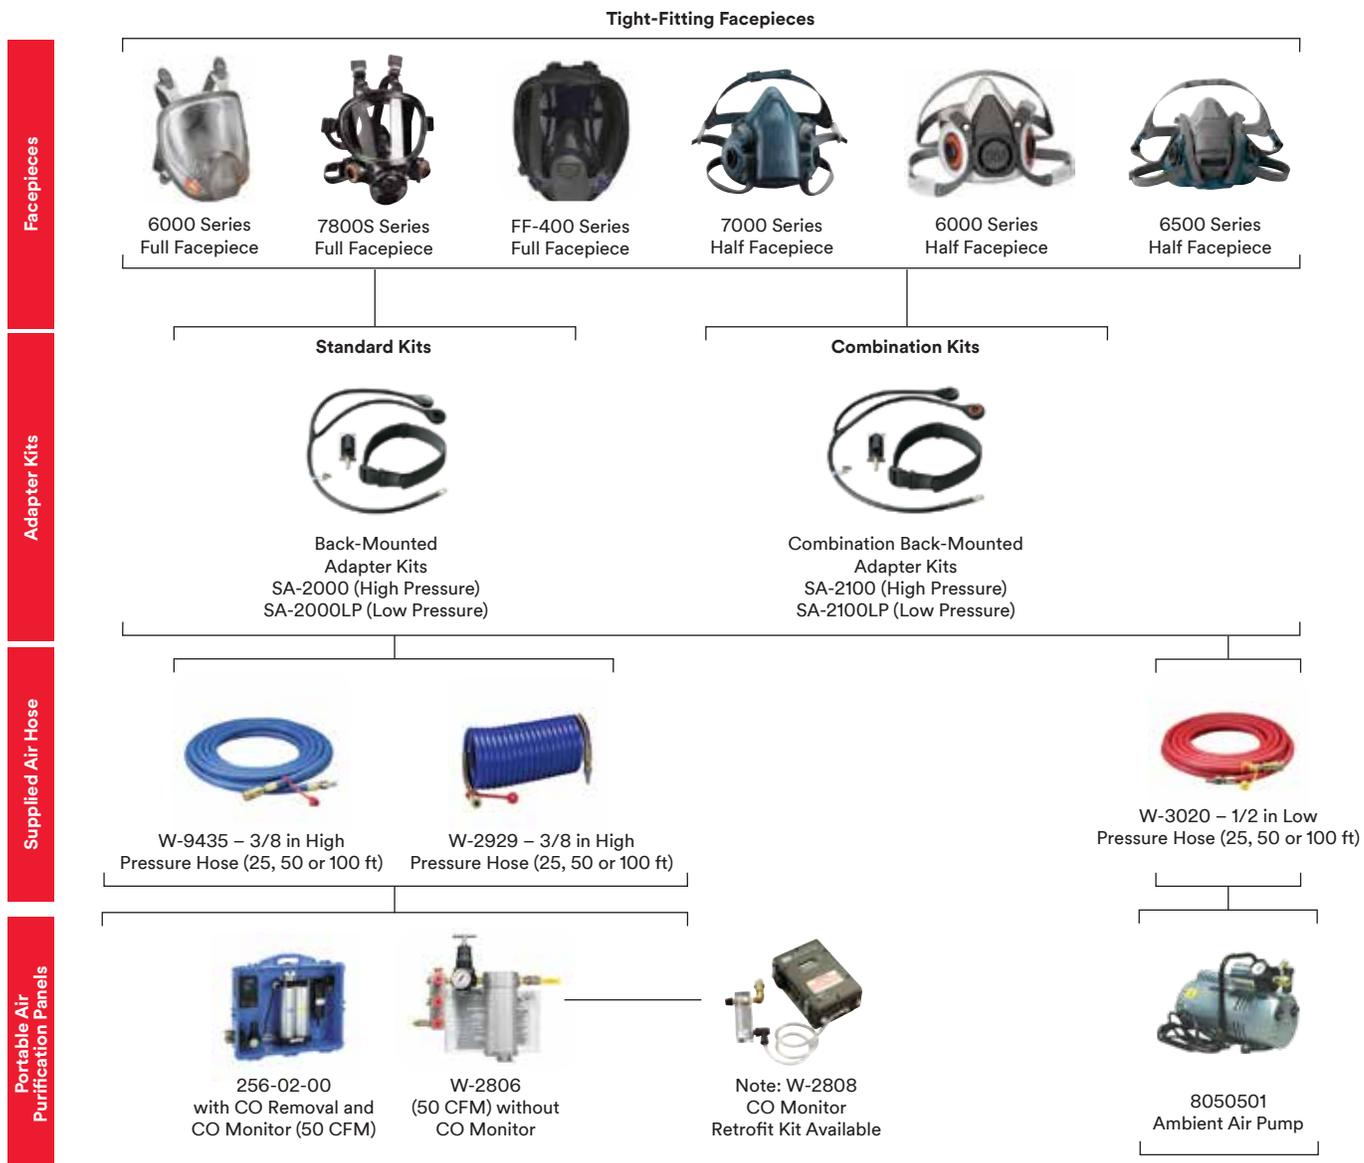

**WARNING**

Note: Headgear, breathing tube, air control valve, and compressed air supply hose are required parts in a NIOSH-approved system. Any NIOSH certification appearing on 3M components is strictly limited to use in an approved air system and only in full accordance with the specifications and limitations under said approval. NIOSH certifies complete assemblies only, not sub-assemblies. \*It is the employer's responsibility to ensure that the compressed air used with any supplied air system meets the requirements of the CSA Standard Z1601.

These respirators help reduce exposure to certain airborne contaminants. Positive pressure respirators are to be used only by qualified persons who are properly trained in their use and maintenance. Use only in accordance with operating and maintenance manuals and the requirements of the authority having jurisdiction in your area. Use of 3M™ Positive Pressure Respirators by untrained or unqualified persons may adversely affect product performance and result in sickness or death. For proper use, each person must first read and understand the operator's manual. For assistance call the 3M Canada Technical Service Centre at 1-800-267-4414.

# Powered and Supplied Air

## 3M™ Tight-Fitting Supplied Air Respirators

To meet the NIOSH requirement in 42 CFR 84, subpart 84.150 for minimum and maximum airflow (6 to 15 scfm, 170 to 425 lpm), the air control devices approved for use with 3M headgear must be operated within the supply pressure ranges and hose lengths stated in the Use Instructions. Refer to the user instructions for the supply air pressure requirements.

W-3020 low pressure airlines can be used in single lengths of 25, 50, or 100 feet only. No connections are allowed. Refer to the user instructions for the supply air pressure requirements. The length of compressed air hose W-3020 used depends on the specifications of the low-pressure air pump utilized. Some pumps specify a minimum of 50 or 100 feet of hose to allow adequate cooling of the air heated by the pump's mechanism. Read the pump's instructions thoroughly before selecting the compressed air hose W-3020 length that will be used. **NO PUMP IS TO BE USED WHICH COULD CAUSE AIR HOTTER THAN 160°F (71°C) TO ENTER THE COMPRESSED AIR HOSE W-3020.** Air hotter than 160°F (71°C) will cause the hose to degrade, which would adversely affect respirator performance and may result in sickness or death.

W-2929 high pressure coiled airlines can be used in single lengths of 25, 50, or 100 feet only. No connections are allowed. Refer to the user instructions for the supply air pressure requirements.

W-9435 airline combination options are based on the headtop model selected.

3M headgear: L-501, L-503, L-505, L-701, L-703, L-705, L-901, L-905, 6000 series, 7800S and 7500 series.

3M™ Supplied Air Respirator System approvals allow you to combine up to three 100-foot lengths of W-9435 or W-9445 hoses. The total combined hose length not to exceed 300 feet (91.4 meters). You may not combine 25 or 50-foot (7.6 or 15.2 meter) lengths of W-9435 and W-9445 hoses. Refer to the user instructions for the supply air pressure requirements.

For all other approved headtops:

3M™ Supplied Air Respirator System approvals allow you to combine up to three W-9435 or W-9445 hoses (25, 50, 100 feet or 7.6, 15.2, 30.5 meters) in any combination not to exceed 300 feet (91.4 meters). Refer to the user instructions for the supply air pressure requirements.

**WARNING** Note: Headgear, breathing tube, air control valve, and compressed air supply hose are required parts in a NIOSH-approved system. Any NIOSH certification appearing on 3M components is strictly limited to use in an approved air system and only in full accordance with the specifications and limitations under said approval. NIOSH certifies complete assemblies only, not sub-assemblies. \*It is the employer's responsibility to ensure that the compressed air used with any supplied air system meets the requirements of the CSA Standard Z180.1.

These respirators help reduce exposure to certain airborne contaminants. Positive pressure respirators are to be used only by qualified persons who are properly trained in their use and maintenance. Use only in accordance with operating and maintenance manuals and the requirements of the authority having jurisdiction in your area. Use of 3M™ Positive Pressure Respirators by untrained or unqualified persons may adversely affect product performance and result in sickness or death. For proper use, each person must first read and understand the operator's manual. For assistance call the 3M Canada Technical Service Centre at 1-800-267-4414.

**Honeywell**

## Miller® Black Rhino™ Self-Retracting Lifelines, 9', Stainless Steel, Swivel

- Repairable; no annual factory recertification required
- Ideal for concrete construction, welding, steel erection and warehouse applications
- Quick-activating, high-strength stainless steel braking system
- Variety of integral anchorage connectors available
- Integral load indicator - indicates when the unit must be removed from service
- Extended service life - corrosion-resistant stainless steel and aluminum components
- Integral internal shock absorber - consistently reduces fall forces to 900 lbs./f (4 kN) or less for greater safety

Certification: CSA standard Z259.2.2, Type 1 SRL

## Miller TurboLite 6' Personal Fall Limiter with Unit End Steel Carabiner & Lanyard End Steel Locking Snap Hook

- First affordable alternative to shock-absorbing lanyards
- Compact and lightweight PFL, workers will no longer need to "switch-out" equipment to maintain a safe fall distance
- Extremely compact and lightweight 1.9 lbs. (0.86 kg)
- Unit attaches directly to the harness back D-ring for greater mobility and versatility
- Engineered webbing for greater abrasion resistance and long service life
- High-strength, impact-resistant nylon housing for maximum durability
- Built-in swivel prevents lifeline from twisting
- Rated for up to a 400 lbs. (181.4 kg) user
- Quick-activating, high-strength stainless steel braking system

Certification: CSA Z259.2.2, type 1 SRL

## BW™ Clip Gas Detector, Single Gas

- Maintenance-free: no sensor or battery changes necessary
- Offers extended longevity with a 2-year field-replaceable battery & sensor
- Compact, lightweight design with one-button operation
- Designed for a range of harsh environments and extreme temperatures
- Hibernation mode with case accessory or IntelliDoX
- Automated self-test of battery, sensor and electronics
- Wide-angle flash, which alerts simultaneously, audible & vibrating alarm
- Automatic logging of the 35 most recent gas events and bump test results
- Compatible with MicroDock II and Fleet Manager II software
- Affordable, with low cost of ownership
- Bump testing (qualitative function check) of the sensors, is a recommended function and requires test gas cylinders & bump test accessories

# Portable Gas Detectors

**Honeywell**

## **BW™ Icon Multi-Gas Gas Detector, 4 Gas, LEL - O2 - CO - H2S**

- 2 months of battery runtime on a 4.5-hour charge — and up to 4 months if you turn off the detector at the end of each shift, no daily charging, no unexpected downtime
- No service required, activate and use for two years
- Bluetooth included for ease of downloading and sending reports via the Safety Suite App
- Small, lightweight and wearable
- One-button operation
- IntelliFlash™ green light indicates the detector is in compliance; amber light indicates the need for maintenance
- Compatible with IntelliDoX instrument management system and Honeywell Safety Suite
- Compatible with TouchConnect, using Bluetooth® for wireless configuration

**Honeywell**

## **BW™ Flex Gas Detector, 4 Gas, LEL - O2 - CO - H2S**

- See real-time readings on a clear-resolution display, available in multiple languages
- Offers direct reading directly on its display, as well as through the easy to download Honeywell Safety Suite Device Configurator app
- Uses Bluetooth® to pair smartphone with the detector to view data organized in a report that's ready to send
- Detector complete with sensors, stainless steel alligator clip, concussion-proof housing and built-in rechargeable battery
- LEL is measured using a Infrared (IR) Sensor
- Includes: Gas detector, Calibration / test cap & hose, USB charging cable, Quick-start guide

**Honeywell**

## **BW™ MicroClipXL Multi-Gas Detector, 4 Gas, O2/H2S/CO/LEL**

- Slim and compact multi-gas detector is lightweight and comfortable to wear
- Provides affordable protection from up to four hazards
- Rugged and durable water-resistant design with built-in concussion-proof boot
- Features IntelliFlash, a green LED that continuously flashed to provide visual confirmation of detector operation and compliance
- Simple one-button operation offers ultimate ease of use and significantly reduces time spent training the user
- 16 hours of standard data logging and event logging up to 10 events
- Calibration is required only two times per year with a simple one-button automatic procedure
- Powered by a rechargeable battery with extended run-time, especially in cold weather
- Fully compatible with the MicroDock II automatic test and calibration system

**Honeywell**

## **BW™ XT II Multi-Gas Detectors - Standard Confined Space Kit, 4 Gas, O2/H2S/CO/LEL**

- Reliably monitors up to four hazards, including H2S, CO, O2 and combustibles
- Straightforward one-button operation
- Robust motorized SmartSample pump for intelligent remote sampling, ideal for confined spaces
- Reliable pump block detection; water and other liquids are prevented from being drawn into the pump
- Calibration is required only two times per year with a simple one-button automatic procedure
- Tamper-proof adjustable options can be customized to suit any application
- Built-in rechargeable lithium battery
- Rugged and durable water resistant design with built-in concussion-proof boot
- Standard data logging and event logging
- Fully compatible with the MicroDock II automatic test and calibration system
- Bump testing (qualitative function check) of the sensors, is a recommended function and requires test gas cylinders and bump test accessories

## BW™ GasAlertMicroClip XT Multi-Gas Detectors With Docking Module & Charging Cable

- Fully automatic «hands-free» calibration and functional bump testing
- Automatically verifies performance of audible and visual alarms
- Stores and updates calibration records in the MicroDock II, as well as in datalogging instruments
- Entirely self-contained with no computer required
- Lightweight and fully portable with optional wall mount
- Operates via 6V line power or a set of four C-cell batteries
- Fully customizable
- Add extra self-contained docking modules to system via simple, plug-in connections no external pressure transducers or gas lines necessary
- Simple, accurate record keeping and fleet management
- Verifies proper performance of detectors
- Reduces maintenance costs
- Multiple MicroDock II systems can be connected via a LAN
- Includes BW Fleet Manager software for easy data analysis
- Multi-language support in English, French, German, Spanish and Portuguese

# Portable Gas Detectors

Dräger

Dräger

## Pac@ 8000 Monitor, Single Gas, CO2

Dräger Pac@ 8000 is a non-disposable, personal single-gas detection device is a reliable and precise instrument, which detects hazardous concentrations of twenty nine different gases, including special gases like NO<sub>2</sub>, O<sub>3</sub> or COCl<sub>2</sub>.

- Single-gas detector & Strong performance for maximum safety
- Sensors for special gases
- Robust design – even for the toughest conditions
- Easy handling thanks to clear user guidance
- User-friendly display with all important information
- 360° alarm with various functions
- Data logger and event logger for analyses and reports
- Economical operational costs
- Fast function test saves time and money

SAP No.	Product No.	Fabricant
11346125	8326351	DRAEGER

## Dräger-Tubes@ For Short-Term Measurements

- A great number of different gases and vapors can be measured by the short-term Dräger-Tubes@.
- These tubes are used e.g. for the determination of concentration peaks, the measurement of exposures in the inhalation area, the determination of possible leakages as well as for the analysis of air in sewers, shafts, tanks or other confined spaces.
- More than 200 different Dräger-Tubes@ are available to accurately make spot measurements for over 500 gases and vapors.
- The short-term Dräger-Tubes@ are employed either manually together with the Dräger accuro gas detection pump or automatically together with the pump accuro 2000 or the compact microprocessor-controlled Quantimeter 1000.

## The Dräger X-am@ 5000

Belongs to a generation of gas detectors, developed especially for personal monitoring applications. This 1- to 5-gas detector reliably measures combustible gases and vapors as well as O<sub>2</sub> and harmful concentrations of toxic gases, organic vapors, odorant and amine.

- Multi-gas detector
- Ergonomic mobile phone design
- Flexible sensor exchange
- Poison-resistant Ex sensor
- Durable sensor technology
- Robust and watertight
- External pump
- Area monitoring

## Dräger X-am@ 8000

- The 1 to 7 gas detector detects toxic and flammable gases as well as vapors and oxygen all at once – either in pump or diffusion mode. Innovative signaling design and handy assistant functions ensure complete safety throughout the process.
- Multi-gas detector
- Specially designed for use with a pump, optimized for clearance measurement
- Clearance measurement, release and documentation in no time
- Clear signaling design
- Economical Fleet Management
- Specialist for high and low hydrocarbon concentrations
- Inductive charging protects against wear & tear

## Dräger's X-am@ 2500

- Dräger's X-am@ 2500 accurately detects O<sub>2</sub>, CO, NO<sub>2</sub>, SO<sub>2</sub> and H<sub>2</sub>S and is the only 1–4 gas monitor you need in industrial and refinery applications.
- The X-am@ 2500 combines reliable sensor technology with long battery life and intuitive operation in an instrument that define safety
- It is approved for most markets including mining, oil & gas, chemical, fire and hazardous response, government and many other applications.

# First Aid Kits

## Choosing A Workplace First Aid Kit

The Standard outlines the minimum classification, size and number of first aid kits in the workplace. The number of workers per shift determines the type of first aid kit the workplace requires.

Your workplace can use first aid kits of different sizes in various combinations to ensure kits are readily accessible to all workers and for the unique configurations of the workplace.

	1 employee	Small (2-25 workers)	Medium (26-50 workers)	Large (51-100 workers)
Type 1 (Personal)	1	N/A	N/A	N/A
Type 2 (Basic)	N/A	1 small	2 small or 1 medium	4 small or 2 medium or 1 large or 2 small and 1 medium
Type 3 (Intermediate)	N/A	1 small	2 small or 1 medium	4 small or 2 medium or 1 large or 2 small and 1 medium

## Definition of the different types\*

**Type 1 (Personal):** Required for all workers who work in isolation or those who do not otherwise have access to a workplace first aid kit.

**Type 2 (Basic):** Low to Moderate Risk Work Environment

**Type 3 (Intermediate):** High Risk Workplace

## Impacto® Anti-Impact Fingerless Right-Hand Glove, Large, Split Leather Palm, Slip-On Cuff

- Fingerless four-way stretch poly/cotton lycra glove makes an excellent liner for leather work gloves.
- Visco-elastic polymer (VEP) full palm padding absorbs & dissipates shock.
- Split leather palm for abrasion resistance in applications where it will be used on its own.
- Ideal for general assembly and material handling applications.

SAP No.	Product No.	Fabricant	Size
11173702	501-10L-R	IMPACTO	S to XL right hand
11173703	501-10L-L	IMPACTO	S to XL left hand

## Impacto® Full Finger Polycotton Lycra Glove Liner

- Impact absorbing VEP padding in the palm and fingers
- Recommended to be worn under work glove or by itself in clean applications
- Provides impact and shock protection
- Soft polycotton ensures breathability and hand dexterity

SAP No.	Product No.	Fabricant	Size
11173877	601-00L-R	IMPACTO	S to XL right hand
11173878	601-00L-L	IMPACTO	S to XL left hand

## Impacto® Fingerless Nylon Lycra And Grain Leather Glove with Vep Padding In The Palm & Thumb Web Area

- Detachable grain leather wrist support.
- Provides protection from abrasion, impact and shock
- Fingerless style for optimum dexterity
- Wrist support minimizes extension and over flexion of the wrist to prevent RSI such as Carpal Tunnel Syndrome or Tendinitis

SAP No.	Product No.	Fabricant	Size
11174047	704-20L-R	IMPACTO	S to XL right hand
11174046	704-20L-L	IMPACTO	S to XL left hand

## Impacto® Carpal Tunnel Impact Gloves, Cowhide Palm, Driver Cuff

- Provides protection from vibration and impact
- Helps prevent the onset of injuries such as carpal tunnel syndrome, repetitive strain and white finger disease
- Thin, snug fit, padding is precision-cut to eliminate bunching and provide
- Used with power and electric tools such as rivet guns, and air actuated tools
- Ideal for construction, packaging, material handling, assembly line

SAP No.	Product No.	Fabricant	Size
11176549	ST5010-L	IMPACTO	XS to XXXL

# Knee Pads and Lumbar Supports

## Impacto® Hinged Action Hard Shell Kneepads, Ribbed Flat Kneeling Surface

- Premium molded foam is toxin free. Breathable Coolmax® inner lining.
- Dual elastic straps with hook and loop closure.
- The hinged-action shell bends with your knee
- Long term protection from cumulative trauma injuries
- Provides stability when working on your knees
- Made with 100% PVC materials
- Replacement straps available, #825-STRAPS

SAP No.	Product No.	Fabricant	Size
11236102	825-00	IMPACTO	one size fits all

## Impacto® Molded Kneepads

- Made with toxin free premium foam. Breathable Coolmax® inner lining.
- Single, replaceable elastic strap with hook and loop closure.
- Made with 100% PVC-Free materials for a clean environment
- Provides protection from cumulative trauma
- Light design for all day
- Replacement straps available, #840-STRAPS

SAP No.	Product No.	Fabricant	Size
11197128	840-00	IMPACTO	one size fits all

## Impacto® All-Terrain Gel Knee Protection

- Sewn-on cover, GEL padding provide maximum comfort with breathable nylon mesh.
- Elevated face with side extended threads offer extra stability.

SAP No.	Product No.	Fabricant	Size
11222306	864-00	IMPACTO	one size fits all

## Impacto® Leather Kneepads

- Nitrogen injected Co-polymer padding offers instant comfort.
- Removable leather cover.
- Single webbing bottom strap with plastic quick release fastener.
- Cover made of strong saddle leather, ideal for when heat is a concerned.

SAP No.	Product No.	Fabricant	Size
11236104	870-00	IMPACTO	one size fits all

# Knee Pads and Lumbar Supports

## Allegro® Contour Knee Pad

- Soft 1/2" foam rubber pad is contoured to the shape of the knee.
- Designed to allow easy side to side movement on hard surfaces and can be used in wet environments.
- The contoured shape allows the 1 1/2" hook and loop straps to be worn more loosely for greater comfort.
- Perfect for laying brick and other masonry work.

# Anti-Fatigue Mats

## MAT TECH Comfort-King™ Mats, Smooth, 5' x 3' x 3/8", Black, Sponge

- Highly energized Zedlan™ sponge combines softness, resilience and durability for exceptional relief
- Outwears other sponge products by nearly three to one
- For applications in dry areas
- Suitable for retail stores, car dealerships, and grocery stores
- Maintains flexibility and anti-fatigue properties even in low temperatures

SAP No.	Product No.	Fabricant	Size
11194979	CKM0035BK	MATTECH	Other colours and dimensions available

## MAT TECH Industrial Deck Plate Mats, Diamond, 5' x 3' x 9/16", Black, PVC Sponge

- Deck plate surface fused to an industrial grade PVC foam backing to offer comfort and relief
- Resistant to most common fluids and chemicals
- For industrial applications in dry areas
- Appropriate for use in assembly lines, packaging stations and other workstations
- Heavy-duty, slip resistant surface tolerates cart traffic

SAP No.	Product No.	Fabricant	Size
11180421	CUMR60DB	MATTECH	Other colours and dimensions available

## MAT TECH Safewalk™ Light Mats, Honeycomb, 5' x 3' x 1/2", Black, Rubber

- Raised surface ribs provide excellent traction
- Nitrile rubber blend increases the resistance to oil and fats
- Low profile mat with molded bevelled edges for increased safety
- Lightweight for easy handling and cleaning
- Appropriate for use in dishwashing areas, cafeterias, laundry rooms, and arenas

# Lockouts

## Abus Aluminium Padlock, 40mm

- Isolated
- Compact, lightweight, and superior corrosion and chemical resistance
- Good heat resistance
- Shackle and plastic housing can be changed
- Double bolt locking mechanism
- Automatic locking for best usability combined with key retaining function for higher safety
- Precision 6-pin cylinder with high number of key differ
- Others colour available

SAP No.	Product No.	Fabricant
11292411	74/40-W25-KD-RED	ABUS

## Padlock, Keyed Different, Aluminum, 1-1/2" Width, Shackle Clearance Height 1"

- Lock body made from TITALIUM special aluminium – high security with low weight
- Shackle made from hardened steel with NANO PROTECT™ coating
- Double-bolted
- ABUS precision 6-pin cylinder, can be rekeyed to match an existing key
- Self-locking—lock without key by pushing down the shackle
- Two keys per lock
- Coloured aluminium lock body - corrosion-resistant
- Product is ULE-validated
- Others colour available

# Lockouts

## ABUS Lockout Gate Valve Red 1"-2.5"

- High-quality polypropylene: long-lasting, robust and non-conductive
- Five sizes: Valves from 1" to 13"
- Holds 1 padlock with up to 23/64" shackle diameter
- Unique, predetermined breaking point at the top for valves with thread
- Stickers in various languages included

SAP No.	Product No.	Fabricant
11306813	V303	ABUS

## ABUS Safety Redbox™ Portable Lockout Box

- High level of stability in spite of low weight
- Ergonomic and space-saving fold-away handle
- Inside is exposed to light from all sides for better visibility of contents
- Lid features innovative and secure locking mechanism
- Patented wall bracket, also facilitates storing of padlocks

SAP No.	Product No.	Fabricant
11298247	B835	ABUS

## ABUS Circuit Breaker Lockout

- High-quality materials: long-lasting, robust and non-conductive
- Easy-to-use with screwing mechanism for secure fixation
- Can be used universally on common single-pole circuit breakers
- With adapter for blade-type electric fuses

SAP No.	Product No.	Fabricant
11294151	E201	ABUS

## ABUS Ball Valve Lockout

- Stable and secure, made from powder-coated steel
- Two sizes for most common ball valves
- A number of holes for exact positioning of the padlock gives more stability
- Best used on hard-to-reach pipes

# Maintenance and Sanitation Products

## WypAll® Waterless Cleaning Wipes, 50 Wipes, 12" x 10.5"

- Natural solvents cut through grease, grime and oil while soothing ingredients aid in moisturizing the skin
- Pre-saturated cleaner for on-the-go cleaning of hands, tools, parts and non-porous work surfaces outils, des mains, des pièces et des surfaces de travail non-poreuses

SAP No.	Product No.	Fabricant
11196968	58310	KIMBERLY-CLARK

## WypAll® Waterless Cleaning Wipes, 450 Wipes, 12" x 9.5"

- 6 containers of 75 sheets per case; 450 sheets per case
- Disposable industrial cleaning wipes are pre-saturated with an alcohol-free natural citrus cleaning agent for the waterless cleansing of skin and hard surfaces
- These wipers are tough on grease, but gentle enough to use on your hand; contains moisturizers to help keep skin hydrated
- One textured side for scrubbing dirt, grime, and grease (great for tool cleaning), one smooth side for wiping dirt off surfaces and hands
- Since these wipes are pre-moistened, you won't worry about spilling a liquid cleansing agent

SAP No.	Product No.	Fabricant
11196969	91371	KIMBERLY-CLARK

## WypAll® X60 Wipers, All-Purpose, 126 Wipes, 16.75" x 8.75"

- Use to apply thinners and solvents and for adhesive cleaning
- Remove cable lubricant, grease and soil in tight areas
- Constructed without adhesives or binders means these wipers leave behind no residue
- Reinforced for extra scrubbing and cleaning power
- Robust enough for tough jobs, yet gentle enough for bare skin

SAP No.	Product No.	Fabricant
11196976	34790	KIMBERLY-CLARK

## The First Step Towards an Integrated and Automated Supply Concept for The Industry.

Messer offers to the industry the **DistriMesser**, a new management tool for welding accessories and personal protective equipment.

With **DistriMesser**, you get: efficient stock control, increased productivity, easy and fast supply, decreased product consumption and expenses allowance by employee and/or department.

### The DMMS Software

- Can produce reports by item, department, job numbers or employee and submit orders through Internet to your Messer branch
- Keeps track of all the DistriMesser linked to the system
- Enables configuration of the users by department. Assigns job numbers and gives access to the storekeeper for review of all the information and product holding
- Gives to the warehouse's manager access to all stock data
- Inventory control

### What you are looking for

- Increase in productivity
- Reordering in an effective and timely manner
- Reduction in product consumption
- Allocation of expenses per job or department.
- Reduction of comings and goings to the store
- Fewer work stoppages or emergency procurements

### The solution we offer for your inventory problems

- Gets the more popular items available to your employees
- Saves on product consumption and improves productivity
- Improves your supply management and avoids production shut downs
